Gallery

If you look at the WLMAC website, on the left hand side you'll see the Gallery. We've updated it and added lots of photos. Rather than try and publish them all on here, have a look in the Gallery.

Barbecue

The next Club barbecue will be on Wednesday 14th August at the Harefield site, come along for a burger and fly at the same time.

A certificate success!

Steve L managed to pass his A, well done to him!

Family Fun Day Success!

The Fun day was postponed this year due to the weather and luckily the weather was kind to us on the following Sunday. A work party was organised on the Saturday to clean everything up and make the Club Hut all spick and span. The grass was cut, the AstroTurf received some moss killer and preparations were made for the extravaganza.

The flying was virtually non-stop and there was something in the air to keep the crowd entertained.

Andy T was busy all day cooking burgers and sausages and the queue never seemed to shorten.

There was even more food in the Club hut prepared by happy helpers, most of the food was eaten so that's always a good sign of a successful day.

Even Mat had a go at cooking or was he just pinching the best one?

Luckily for us the sun shone on Fun Day, it was warm, with no rain and the wind was low, perfect!

Following on from the Work Party on Saturday, the hired help was there early on Sunday to set up and prepare the Club.

Planes were prepared and flown and the crowd enjoyed the spectacle. As always, the highlight of the day was the food! Excellent, as always, you could tell that a lot of preparation had been done so that it all looked easy.

Mark won for just being Mark

Mick won the award for Most Improved Flier

Say Hello to Cosmo.

Cosmo is Steve Is son and joined the Club the same day as his Dad passed his A test.

Two more members flew their check flights and are now able to fly at Pickeridge site.

Brian and Mike look suitably pleased.

On 28th June we entertained the Fulmer Air Scouts at the Pickeridge site and helped the Scouts pass their Air badge. They had to show an understanding of planes and flight and were tested on this knowledge. They had to launch a glider but were sadly hampered by a really strong wind that evening. Regardless though, everyone had a good time.

The Club Wednesday barbecue was held at Pickeridge this time on Wednesday 17th July. The burgers and sausages that were left over from Fun Day were finished off. Here's part of the team serving up the food.

Brians Spitfire against the evening sun.
